### **DETAILED ACTION**

Receipt is acknowledged of the amendment filed 11/07/2003.

#### ***Response to Arguments***

Applicant's arguments, see remarks, page 7, filed 01/08/04, with respect to the rejection(s) of claim(s) 2,3,5, 6-12 under 102(b) have been fully considered and are persuasive. Therefore, the rejection has been withdrawn. However, upon further consideration, a new ground(s) of rejection is made in view of Honbo et al (cited as reference AB on 1449 filed 08/07/2003).

The finality of the last action is therefore withdrawn.

The following action is cited in view of applicant's IDS filed 08/07/03:

#### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 2-12 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Honbo et al.

Honbo et al disclose the use of the tricyclo compound FK-506 (see column 2, lines 14-40) for topical administration as eye drops ( see column 2, lines 49-52). Dosage amounts are in the range of 0.001 to 1.0 % by weight (see col. 5, lines 22-23), and specifically recite amounts of 0.01 gms to 100 mg in Examples 1-6 of columns 7-8. treatment is specifically recited for vernal conjunctivitis, which is another name for keratoconjunctivitis. This is a condition associated with dry eye cited by applicant for treatment by the claimed Tricyclo compounds (see specification, page 1). The instant claims are therefore anticipated by Honbo et al.

WebMd is cited for the equivalence of vernal and keratoconjunctivitis.

### ***Conclusion***

Applicant's submission of an information disclosure statement under 37 CFR 1.97(c) with the fee set forth in 37 CFR 1.17(p) on 08/07/2003 prompted the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 609(B)(2)(i). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the

shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
